

The diagram shows a trapezoidal field with a horizontal top and bottom edge and slanted side edges. Inside the field, there are six circles of two different sizes. Three text labels, 'Slice50 (Back)', are placed at the top and three at the bottom. The circles are arranged in two rows: the top row has two large circles and one small circle to the left, while the bottom row has one large circle in the center and two small circles on either side.
