

Slice51 (Back)

A diagram of a trapezoidal field, wider at the top. The top edge is a straight horizontal line. The left and right edges are composed of two segments each, meeting at a point about one-third of the way down from the top. The bottom edge is a straight horizontal line. Inside the field, there are six labels 'Slice51 (Back)' and three circles. The circles are located at the top-left, top-right, and bottom-center positions relative to the labels. The labels are arranged in two rows of three. The top row labels are slightly offset to the left, center, and right. The bottom row labels are aligned directly below the top row labels. The circles are positioned such that they appear to be on or near the labels: one on the top-left label, one to the right of the top-right label, and one overlapping the bottom-center label.
