

Slice52 (Back)

A technical drawing of a trapezoidal object, likely a cross-section of a mechanical part. The object is defined by a horizontal top edge, a horizontal bottom edge, and two slanted side edges. The left side edge has a small vertical step near the bottom. In the upper center of the trapezoid, there is a circular feature represented by a solid circle with a dashed outer arc. Below this feature, a horizontal line extends from the left side towards the center, ending in a dashed line segment. The text "Slice52 (Back)" is printed in bold on the left side of the trapezoid.
